Matters needing attention

1. All parts shall be installed before use.
2. Do not let children or pets near or touch the barbecue.
3. Do not move the oven or touch the heating area of the oven during the barbecue to prevent scalding.
4. Do not pour liquid combustion aid into the charcoal in the barbecue.
5. After the barbecue, make sure that the carbon fire is completely extinguished, and leave only after there is no fire left around.
6. Establish environmental awareness and take away all garbage.
7. The composition is for illustration only, and all are subject to the real object.

Installation diagram of seasoning board

Note: the seasoning board is option
and may not contain.
